4. Declaration by members who change to a network option (MedVital Elect, MedAdd Elect, MedElect, MedPrime Elect)

I confirm that I am aware of the following:

1. I will be liable for co-payments if I do not use Medihelp's network facilities, designated service providers (DSPs), and formulary medicine.
2. I must register my prescribed minimum benefit (PMB) conditions with Medihelp. Medihelp must pre-authorise my PMB chronic medicine. Medihelp uses a DSP for PMB chronic medicine and a formulary applies. I will be responsible for a co-payment* on my PMB chronic medicine should I fail to get this medicine from the DSP or deviate from the formulary for my plan.
3. My treating specialists should form part of Medihelp's DSP specialist network to prevent co-payments on PMB treatments.
4. I must use Medihelp's network facilities for all planned hospital admissions. If there is no network facility available near my place of residence, I will need to travel to the nearest network facility for medical services. If I use a non-network facility instead, I will be liable for a co-payment*, unless the treatment required is for an emergency medical condition** which warrants the involuntary use of a non-network facility. I further note that in an medical emergency, authorisation for the network facility admission should be obtained on the first workday after the admission if I am unable to get the authorisation on the day of admission.

* Please refer to your plan's guide/brochure for all applicable co-payments.

** Please refer to your plan's guide/brochure for the definition of an emergency medical condition.
