

2024
ULTRA
AFFORDABLE
BENEFIT GUIDE

ABOUT THE ULTRA AFFORDABLE OPTION

THE ULTRA AFFORDABLE OPTION is our entry benefit option specifically designed for younger people or those entering the medical aid market for the first time. It is ideal for single people as well as young couples with healthy lifestyles. It offers a good balance of essential health benefits at an affordable price, making it an excellent choice for lower-income earners.

At a primary level, members on this option have access to a combination of virtual and face-to-face consultations with healthcare providers. For any further medical interventions that may be required, the primary healthcare provider (GP) that the member consulted, will refer the member accordingly. This is how we ensure an integrated and holistic approach to your health.

UMVUZO HEALTH DIGITAL PLATFORM

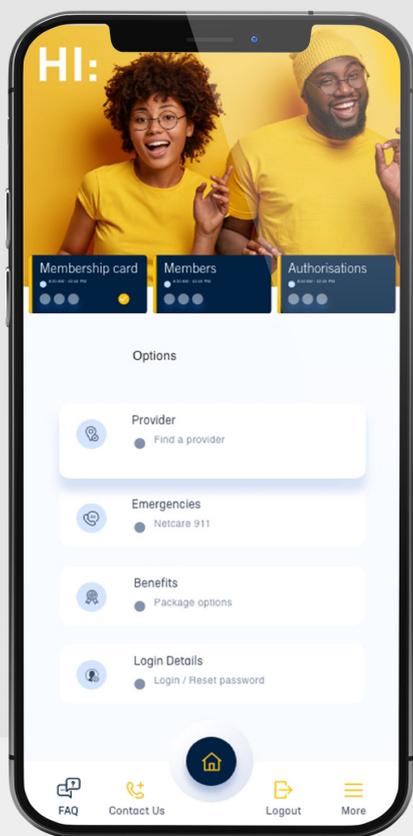

From 1 January 2024, all Umvuzo Health members, regardless of benefit option, will have access to our digital platform, where they can have many of their healthcare needs met.

The availability of digital platforms and new healthcare technologies has made healthcare more accessible and provides an opportunity for us to offer our members several options to access primary healthcare services, specifically medical consultations and/or treatment for minor acute and chronic disease conditions. This is a significant step towards making healthcare even more accessible to you and your registered beneficiaries, especially those who live long distances from the nearest healthcare provider, such as in rural and remote areas.

The use of this service is provided Data Free if you access it through the Umvuzo App.

SMARTPHONE FACIAL SCREENING

Our members will also have access to this facial screening technology which monitors a person's overall health measuring of certain vital signs and other metrics such as your heart rate, blood pressure, breathing rate and sleep quality. This is very useful in picking up health issues before they become very serious and allow you to take the necessary steps as quickly as possible.

ONLINE SYMPTOM CHECKER

Imagine you had a tool that you could use when you are not feeling well. This tool would ask you questions about how you are feeling. For example, if you have a fever, a cough or any other symptom. It would be like having a conversation with an online friend. Based on the outcomes of the online symptom checker, you would be advised of the most appropriate level of care you need, ranging from a nurse to a doctor. This is what the Umvuzo Health Online Symptom Checker will assist our members with.

You can choose how to consult with the healthcare provider on the virtual platform:

- » Either by SMS or WhatsApp
- » By voice call, or
- » By video consultation.

This means you and your registered beneficiaries can now access healthcare services from the comfort of your homes, work or wherever else you may be, saving you time and money.

Our onsite consultants and our specialised contact centre will offer support for any member who has difficulty accessing the virtual platform, or prefer to be walked through the entire process.

Rest assured that the digital platform will by no means replace face-to-face consultations with healthcare providers. All members who need an in-person healthcare evaluation will be assisted and an appointment with the nearest or chosen healthcare practitioner will be facilitated.

PRIMARY BENEFITS

NO PRE-AUTHORISATION REQUIRED • MEMBERS MUST DOWNLOAD THE UMVUZO HEALTH APP TO ACCESS THE VIRTUAL CONSULTATION PLATFORM

 <p>GENERAL PRACTITIONERS & NURSES</p> <ul style="list-style-type: none"> » Umvuzo Health promotes access to primary care and related services through the preferred Umvuzo Digital Platform which guides beneficiaries towards appropriate and reasonable levels of care. » Members have access to 8 un-authorised consultations per beneficiary » After the 8th consultation with either a nurse or GP, additional services can be accessed via the Umvuzo Digital Platform 	 <p>OPTOMETRY</p> <ul style="list-style-type: none"> » R2 400 per beneficiary every 24 months (for lenses and frames) » 1 eye test per beneficiary every 24 months » No sunglasses or tinted lenses 	 <p>MALE HEALTH</p> <ul style="list-style-type: none"> » PSA (for the screening of prostate cancer) once per year » Circumcision (boys up to the age of 12 will have procedure in hospital, and those over the age of 13 will have procedure in doctor's room) » Vasectomy <p style="background-color: #c00000; color: white; text-align: center; padding: 5px;">All procedures must be pre-authorized</p>	 <p>FEMALE HEALTH</p> <ul style="list-style-type: none"> » Oral contraceptives cover of up to R180 per registered female per month » Pap smear » Mammogram* (must be pre-authorized and referred to the radiologist) once per year » Laparoscopic Sterilisation* <p style="background-color: #c00000; color: white; text-align: center; padding: 5px;">* These services must be pre-authorized</p>

NEW BENEFIT: YANDISA UMOVUZO BENEFIT

 We are proud to introduce this new benefit, which is aimed at further reducing out-of-pocket healthcare expenses for our members, due to depletion of benefits or uncovered benefits.

BENEFIT AMOUNT OF UP TO R50 000 PER FAMILY PER YEAR

- » This is a benefit that provides enhanced cover for benefits that are not already covered
- » Where existing benefits have already been exhausted
- » This benefit is subject to Scheme funding guidelines, pre-authorization and protocols.

DISEASE MANAGEMENT

ACTIVE DISEASE MANAGEMENT PROGRAMMES

- » Our Disease Management Programmes are structured treatment plans that aim to help our members diagnosed with chronic conditions better manage their disease, maintain and improve quality of life.
- » The main aim of our programmes is to reduce the symptoms associated with a chronic disease and keep them from getting worse. Through these programmes we also aim to improve cooperation between the various specialists and institutions that provide care for our members, such as family and specialist doctors, hospitals and rehabilitation centers. This is meant to ensure that the individual treatment steps are well coordinated.

We cover treatment and medication for the following 26 CDL PMB conditions:

- » Chronic Renal Disease
- » Addison's Disease
- » Asthma
- » Bronchiectasis
- » Cardiac Failure
- » Cardiomyopathy
- » Chronic Obstructive Pulmonary Disorder
- » Coronary Artery Disease
- » Crohn's Disease
- » Diabetes Insipidus

- » Diabetes Mellitus Types 1 & 2
- » Dysrhythmias
- » Epilepsy
- » Bipolar Mood Disorder
- » Hypothyroidism
- » Hypertension
- » HIV
- » Glaucoma
- » Haemophilia
- » Ulcerative Colitis
- » Systemic lupus Erythematosus
- » Schizophrenia

- » Rheumatoid Arthritis
- » Parkinson's Disease
- » Hyperlipidaemia
- » Multiple Sclerosis

We encourage all our members living with a chronic condition to register on the relevant Disease Management Programme to benefit from this coordinated care, personalised attention and ongoing support.

All Prescribed Minimum Benefits (PMBs) are covered according to Scheme Rules, Protocols and Formularies.
