

Aon Member Letter

Discovery Health Medical Scheme 2025

Dear Aon Client,

At Aon, we shape decisions for the better – to protect and enrich the lives of people around the world.

It is important that at this time of the year you evaluate your current healthcare arrangements to ensure the most appropriate cover for 2025. Whether you wish to remain on your current option or change to a more suitable option for 2025, it remains Aon's responsibility to guide you through the review process. This will ensure that you make an informed decision regarding your healthcare cover for 2025.

We have pleasure in sharing the Aon on-line Microsite platform for Discovery Health Medical Scheme (DHMS), which has been developed to provide you with essential information like voice recorded year-end presentation, launch highlights presentation, member letter, alert, brochures, to make better decisions regarding your medical scheme and gap cover requirements.

The information provided in this letter is a summary of changes as announced by DHMS. For more detailed information and clarity on your benefits and contributions please refer to the Aon Microsite. To access the microsite please click [here](#)

You may also visit the Discovery website or Phone app for more information on benefits.

Benefits and Contributions Update for 2025

What are the contribution increases for 2025?

DHMS has announced a weighted average contribution increase of 9.3% effective 1 January 2025.

- As communicated by DHMS, **50%** of members will have an increase of **8.4%** or **lower**.
- **50%** of members will have an increase of **9.9%** or **greater** (to ensure contributions can maintain benefit utilisation).

Please click on the **Microsite** link shared on the previous page to access the **2025 contribution table** which includes **Annual Medical Savings and Threshold** amounts.

Key Benefit changes

- **Introduction of a Designated Service Provider (DSP) for cataract surgery**

Members must use a DSP for cataract surgery to avoid a 20% co-payment on the hospital account. An upfront deductible of R6 000 will apply if members use a non-DSP provider. This will apply to all plans except members on the KeyCare Start and KeyCare Start Regional plans.

- **Changes to cover for scopes**

If a scope is performed in-room at a healthcare professional outside of the network, then a co-payment will be applied. Co-payments will not apply to gastroscopies, colonoscopies, proctoscopies, and sigmoidoscopies for children 12 years and younger, or for confirmed prescribed minimum benefit cases.

In-room co-payments will be applicable to all DHMS plans, except for the KeyCare series where only prescribed minimum benefit scopes are covered. Co-payments are as follows:

- For a single scope, the co-payment will be R1 750.
- For bi-directional scopes, the co-payment will be R3 000.

Benefit Enhancements

- **Maternity benefit**

The maternity benefit has been enhanced allowing 2 mental health consultations and one nutrition assessment available during pregnancy or after delivery.

- **The Screening and Preventative benefit**

From 1 January 2025, this benefit will include self-sampling testing kits, related pathology tests for bowel cancer screening once every 2 years, Human Papilloma Virus (HPV) testing every 5 years and cover for a breast biopsy in the network of accredited mammography centres following a positive result.

- **Depression Risk Management Programme**

This is a six-month care programme aimed at reducing the risk of depression and enhancing mental wellbeing. Members will be identified either based on the result of their mental wellbeing assessment or pro-actively identified by a machine learning algorithm to identify depression risk. Members identified as being at risk of depression will have access to the following benefits:

- Face-to-face or virtual mental wellbeing consultants with a Premier Plus network GP or Psychologist on the mental health network.

- 3 virtual coaching sessions with a healthcare professional to monitor progress and identify next steps.
- 2 sessions with a Dietician.
- Digital therapeutics and internet cognitive based therapy to improve wellbeing and depression symptoms severity.
- Continuous monitoring and screening.

Benefit Limit Increases

- **Limits, co-payments, deductibles and thresholds**

Benefit limits, co-payments and deductibles will increase in line with inflation except for the following benefits: Oncology threshold, Specialised Medicine and Technology, international travel, overseas treatment, surgical and appliance items, including hip, knee and shoulder joint prosthesis, and external medical appliances.

Thresholds limits will increase by 1% more than the contribution increase.

No increase on the limited Above Threshold Benefit (ATB) for Priority and Comprehensive plans.

New Benefits

- **Personal Health Pathways and Personal Health Fund**

Personal Health Pathways is a platform for members to get healthy, get rewarded and build their Personal Health Fund by completing certain actions identified to improve their health. By completing these actions, all DHMS members who activate their Personal Health Pathways will unlock additional day-to-day value through the member's Personal Health Fund.

The Personal Health Fund gives members up to R10 000, depending on the members' plan and family composition, in additional risk funded benefits for day-to-day medical expenses.

Any new member who activates their Personal Health Pathways and completes the high-value tile action, will have access to an additional once-off amount of up to R10 000. The once-off amount will expire at the end of 2026.

MAXIMUM PERSONAL HEALTH FUND ALLOCATION BY PLAN SERIES PER ANNUM				
		Per adult	Per child	Per family
Classic	Executive, Comprehensive, Priority and Saver	R2 500	R1 250	R10 000
	Core and Smart	R2 000	R1 000	R 8 000
Essential and Coastal	Priority and Saver	R1 500	R 750	R 6 000
	Core and Smart	R1 000	R 500	R 4 000
KeyCare	KeyCare Plus, Core and Start	R 500	R 250	R 1 000

The full brochure can be accessed [here](#).

How this benefit works:

- Download the Discovery Health App to understand your next best actions.
- Complete the health and exercise actions to build up your Personal Health Fund to the maximum annual limit. This is over and above the allocated Medical Savings Account (MSA).
- This limit is subject to plan type and family composition.
- The funds can be used for day-to-day medical expenses i.e. GP consultations, dentistry, specialist consultations, physiotherapy and medicine.
- Members and dependants can start using the benefit as soon as there are funds available in the PHF i.e. from the first R500 accumulated. Once accumulated, the Personal Health Fund will pay automatically for relevant claims. The R10 000 is not an upfront amount.
- It is important to note that this is a once off benefit and there are no carry-over funds to the following year and the benefit must be activated within 90 days of joining DHMS.

Other important information:

- All actions completed from 1 January 2025 are considered.
- Adults on the policy accumulate both for themselves and their families i.e. child dependants.
- Funds can be used by all beneficiaries regardless of who completed the actions.
- The Personal Health Fund encourages all adults on the policy to improve their health. The fund value for children on the policy becomes available once all adults on the membership have completed at least 2 actions.
- “*Next best health actions*” count towards the Personal Health Fund.
- Members who have completed all the “*next best health actions*”, but haven’t yet reached their maximum available PHF, will earn R100 per exercise action per week until another health action becomes available.
- If no funds are available in the Personal Health Fund, relevant day-to-day claims will be paid from the member’s available Medical Savings Account or will be for member’s account if there is no savings component on the membership.
- This benefit pays out before the member’s Medical Savings Account is used.
- All risk benefits will still be paid from risk.
- Participation in PHP is voluntary, and members can opt out at any time.
- Members at the end-of-life care benefit or with severe physical and/or mental disabilities to the point that they are unable to participate in the Personal Health Pathways will need to complete a Health Check to have the Personal Health Fund value allocated.

- **Introduction of supportive post-surgery programme**

Certain low acuity procedures performed in short stay surgical network facilities will unlock additional risk funded benefits including home nursing, pain management as required to supplement oral medicine and virtual physical therapy.

- **Providing access to female health management tools**

From 2025, members will have access to tailored benefits including access to female health technology. These benefits include tools to support women through all life stages, from reproductive health to menopause. The benefits will be available in the Women’s Health Hub on the Discovery Health app, accessible through the Personal Health Fund or maternity benefit.

- **Personalised menopause care in partnership with Stella**

DHMS has partnered with the Stella App to give members access to end-to-end menopause management, funded through the Personal Health Fund. Tools include:

- Symptom assessment tools.
- Personalised behavioral and lifestyle change plans.
- One-on-one coaching support.
- Curated content library.
- Virtual consults with GPs training on menopause.
- Supportive online community.

- **Enhanced maternity support in partnership with Parent Sense**

All DHMS members can fund contraceptives through their Personal Health Fund once unlocked.

Members will now get access to an 18-month subscription to the Parent Sense App, an all-in-one parenting app and baby tracker. The app also includes:

- Vaccine schedules and reminders, weight tracking and access to medical resources.
- Daily play activities, age-specific play advice, milestone tracking and sense stimulation tips,
- Sleep routine planning and tracking, tips for night and day sleep.
- Breastfeeding and bottle-feeding guidance, personalized feeding schedules and solids recipe planning.

New Plan

- **Active Smart Plan 2025**

DHMS has announced a new plan in the Smart Series called **Active Smart**. This plan combines the core design elements of Smart plans and is tailored to address the needs of the next generation of healthcare consumers in South Africa.

The Active Smart plan is the one of the more affordable plans offered by DHMS, offering tailored benefits for young professionals starting their careers.

Benefits include:

- Full cover for emergencies to any private hospital.
- Unlimited hospital cover for admissions in the Dynamic Smart Hospital network. A standard deductible of R7 500 per admission for elective non-Prescribed Minimum Benefit admissions will apply.
- Specialist reimbursement rate for hospital admissions at 100% of the Discovery Health Rate.
- Unlimited virtual GP and nurse consultations (no co-payments).
- Unlimited in-person GP Consultations (co-payment: R125).
- One basic dental check-up per member (co-payment: R190).
- One eye test per member at a network provider (co-payment: R125).
- Over-the-counter medication at a network pharmacy (up to R535 per family per annum).
- Preventative care covered through Screening and Prevention Benefit and Personal Health Fund.
- ➡ Access to the Mental Health Care Programme.
- Oncology and maternity (as per Prescribed Minimum Benefit level of care).

- Additional benefits available through the Personal Health Fund:
- Prescribed acute medication, radiology, and pathology.
- Physiotherapy
- Specialist consultations
- Contraceptives
- Flexibility through the Personal Health Fund where members get R1 000 per adult to spend on day-to-day medical expenses, like contraceptives and prescription medication, based on their engagement in their Personal Health Pathway.
- Dialysis will be covered at state facilities.
- The contribution is R1 350 per person on the plan.

Vitality

New partners

- **Vitality Travel**

United Airlines has been added as a new international travel partner with effect from 1 October 2024 for members travelling to the United States, where members can get up to 75% discount.

- **Introducing Vitality Padel Gear**

To compliment the Discovery Vitality Padel benefit, members will get up to 50% off padel rackets, balls, and accessories as part of Vitality Active Gear up to the value of R3 000. In 2025, the total Vitality Active Gear yearly spend limit will increase from R6 000 to R7 000.

Key Benefit Enhancements

- **Vitality Fitness**

Vitality Fitness makes it easier for members to use different facilities and find suitable workouts. Members will soon have access to a wider range of facilities in the Vitality fitness network. Members will have access to seamless Virgin Active class bookings in the Discovery app and more flexibility with Vitality Fitness Access Passes in 2025.

- **Vitality Active Rewards**

Leveraging insights from the Vitality Habits Index, Vitality has developed a simplified Vitality Active Rewards journey in the Discovery app. The updated journey will make it easier for members who aren't engaging in physical activity to start developing healthier exercise habits.

- **Vitality HealthyFood**

The Vitality HealthyFood benefit was recently enhanced to make healthy eating even more accessible and affordable. Engagement will be easier than ever with a seamless activation journey through WhatsApp to start earning rewards at Checkers and Woolworths immediately.

- **HealthyLiving, rewards with Discovery Miles**

From 2025, all HealthyLiving rewards paid as cash backs will be paid in Discovery Miles. This gives members more opportunities to earn rewards currency that's more valuable than cash. Members can look forward to experiencing more value with Discovery Miles and the Vitality Mall. New partners

include Checkers, Uber Eats and Sorbet, and enjoy irresistible deals every #RewardsWednesday, exclusive to the Vitality Mall.

This is a summary of Vitality enhancements / changes. Please refer to the Microsite for more information.

It is important to note that we are not accredited to provide advice on Discovery Bank products and benefits.

Gap Cover

Aon strongly supports the purchasing of gap cover to compliment your medical scheme benefits and to reduce your out-of-pocket exposure for in-hospital and certain out-of-hospital expenses. We recommend that you speak to your Aon Healthcare consultant to assist you in selecting the correct gap cover option.

Virtual and in-person Year-End training sessions **ALL AON CLIENTS**

Aon will be conducting virtual and in-person training sessions on the relevant information pertaining to the 2025 medical scheme options. These sessions will elaborate on medical scheme benefit changes, enhancements, and contribution increases.

It is very important to attend any of the presentations before booking an one on one session as the presentations may already answer all the questions you may have pertaining to your option choice.

Please note that the virtual sessions as stipulated below will not include specifics regarding your subsidy or participation policy. The below sessions are NOT Unilever specific however will be discussing all the Discovery changes and will have Discovery and AON presenting on the 2025 product – No client specific subsidies or questions will be discussed

Virtual Year-End Presentation dates are as follows:

Date	Time	Date	Time
17 October 2024	14:00	18 October 2024	10:00
21 October 2024	10:00	22 October 2024	14:00

Please note that presentations will be conducted in English.

Please follow these steps to register for an information session:

- [Click here](#) to register for the specific information session you would prefer to join.
- Please use a Chrome or Firefox browser to register
- Select your preferred date, complete all your details and press “**Submit**”.
- You will receive an e-mail confirmation that says ‘*You are now registered*’ – click on the “*Add to Calendar*” link, a page will open with a small box on the top right saying Downloads – Click on the *Open File link* and a calendar invitation will open that you can save for this session. This invitation includes the Teams link.

On the day of the event:

- Open your calendar invitation.
- Click on the **https link** provided and follow the instructions, if needed.

- If you have trouble accessing the webinar through the calendar invitation, please copy the link and open it in your Chrome or Firefox browser.

We look forward to welcoming you at the Aon virtual year-end training session.

When will in-person training sessions be held?

Additional Virtual presentations :

Over and above the 4 General Virtual Sessions there will be **two Unilever Specific Presentations**. The Teams invite for these sessions will be shared by HR to all employees.

One on one sessions :

For the Unilever La Lucia DBN site should you require an one on one session please email unilever@aon.co.za and the consultant will book a physical or virtual session as required on the allocated dates .

For all the other sites dates and times has been confirmed with your HR as to when the consultants will be at the Unilever site for in person one on one sessions. HR will communicate these days and times in advance .

It is important to attend a session prior to contacting the ARC or arranging a one on one session.

Where do I get more information and who can I contact if I have any questions?

The DHMS Call Centre can be contacted on 0860 99 88 77 or WhatsApp 0860 756 756 for the clarification of benefit changes and contribution increases and the **Aon Resolution Centre (0860 100 404)** or email on arc@aon.co.za will also be available to provide advice on option selections for 2025.

Discovery Health Medical Scheme option change?

It is important to note that no late changes will be accepted.

Online option change - The advantage with an on-line option change is that it eliminates the error associated with a paper process. You can make online option changes up until 20 December 2024.

Please find attached the DHMS online option change guide. **Please keep proof as your reference number that you have submitted online .**

Your health option change will be confirmed as successful when you see a message with a reference number. Please keep record of this reference number in case you have queries with regards to the option change.

Manual option change - If you could not make your option selection online, please notify Aon by emailing the completed **option change** form to unilever@aon.co.za by no later than 27 November 2024.
