RHYTHM2 OPTION	RHYTHM2 IS A NETWORK OPTION
<b>Savings account/ Day-to-day benefits</b>	No savings account available. Day-to-day benefits are available.

## Method of benefit payment

On Rhythm2, a network based-option, in-hospital benefits are paid from Scheme risk benefit. The Bestmed Rhythm network covers most out-of-hospital services. However, members will still be required to go to a DSP. Some preventative care benefits are available from Scheme risk benefit.

Benefits relating to conditions that meet the criteria for PMBs will be covered in full when using DSPs.

## In-hospital benefits

Please familiarise yourself with the Designated Service Providers (DSPs) and networks for this option. This includes Rhythm Specialist DSPs and DSP hospitals. Hospital costs will be covered unlimited at the Scheme negotiated tariff at Rhythm network hospital as listed on the website.

All members must obtain pre-authorisation for planned procedures at least 14 (fourteen) days before the event. However, in the case of an emergency, you, your representative or the hospital must notify Bestmed of your hospitalisation as soon as possible or on the first working day after admission to hospital.

Clinical protocols, preferred providers (PPs), designated service providers (DSPs), formularies, funding guidelines and the Mediscor Reference Price (MRP) may apply.

The DSP hospital network consists of National Hospital Network (NHN) and Mediclinic (MC) hospitals. In areas where there are no NHN or MC hospitals, other hospitals are contracted as DSPs.

Please refer to the Bestmed website at [www.bestmed.co.za](http://www.bestmed.co.za) for a list of the DSP hospitals.

### Process for hospital authorisation:

- All members on the Rhythm2 option must make use of the Rhythm General

Practitioners (GPs).

- The Bestmed Rhythm GP will refer the member to a Rhythm Specialist DSP should a specialist consultation be required.
- Should the Rhythm Specialist DSP indicate that hospitalisation is required the member needs to contact Bestmed on 080 022 0106 for pre-authorisation. Bestmed will only authorise admissions to DSP hospitals.

### Emergency admittance in a non-DSP hospital:

- Should a member be admitted for an emergency condition to a non-DSP hospital, Bestmed will require the patient to be stabilised in that non-DSP hospital.
- As soon as the patient is stabilised he/she will be transferred to the closest DSP hospital by Netcare 911.
- All hospital benefits below may be subject to pre-authorisation, clinical protocols, funding guidelines and designated hospital networks.
- Voluntary use of a non-DSP hospital (except in the case of an emergency) will result in a co-payment of R14 364.

## Maternity care programme

Finding out you are pregnant comes with a whole lot of emotions, questions and information. Sometimes just knowing where to start and which information you can trust can be a challenge.

Pregnant members and dependants have access to the Maternity care programme. The programme provides comprehensive information and services and was designed with the needs of expectant parents and their support network in mind. We aim to give you support, education and advice through all stages of your pregnancy, the confinement and postnatal (after birth) period.

Members need to register on the Bestmed Maternity care programme as soon as they receive confirmation of their pregnancy by means of a pathology test and/or scan from your family practitioner or gynaecologist. After you complete

your registration, a consultant will contact you. If your pregnancy is associated with risks, the information will be forwarded to Bestmed's case managers who will contact you to help monitor your progress.

Please note that registering on the Maternity care programme does not confirm any other maternity benefits nor does it provide authorisation for the delivery as these benefits are subject to the Scheme's rules and underwriting. To enquire about these benefits please contact [service@bestmed.co.za](mailto:service@bestmed.co.za).

### How to register:

Send an email to [maternity@bestmed.co.za](mailto:maternity@bestmed.co.za) or call us on 012 472 6797.

Please include your medical scheme number and your expected delivery date in the email.

**After registration on the Maternity care programme, you will also receive the Bestmed Maternity care programme registration confirmation letter, indicating all necessary information as stated below:**

Our third-party service provider, DLA, will be in contact within the next two to three weeks via email, requesting you to complete a registration form. Keep an eye on your inbox (including the spam folder) for this email. Completing this form will ensure you are registered on their database to ensure you receive maternity information, additional support if the pregnancy is identified as a high-risk pregnancy and a gift on behalf of Bestmed after 14 weeks gestation. DLA will guide you through the process of selecting a gift.

The registration form and gift selection form must be returned to DLA directly. The maternity gift will only be sent after week 14 of your pregnancy.

Registration also provides you with access to a 24-hour medical advice line and benefits through each phase of your pregnancy.

### Abbreviations
